

## ADVENTURES IN NATURE CAMP AIDE POLICY AGREEMENT

This letter is in regards to the Adventures in Nature Camp Aide policy for campers that require further assistance. The following requirements are in place in order for your camper to have a parent or agency provided aide on site. If you are providing an aide from an agency or have a freelance aide assisting your camper, please fill out the section below and provide the documents onsite the first day of camp.

- The purpose of the aide is to facilitate and assist the camper. Aides are not authorized to and should not engage in supervision of other campers. It is expected that the aide should be respectful to other campers and camp staff and not cause disruption, distraction, or interference with the regular operations of the group.
- Non-parent Aides shall not be allowed one-on-one with a child in the restroom. This is for the protection of the children, the aide, and the protection of the organization.
- Inappropriate contact of any sort with a camper or camp staff member shall result in removal of an aide from the property, and further actions as appropriate.
- Please attach a copy of the aide's driver's license to this release. If there is a change in staffing, paperwork can be dropped off onsite the morning of arrival.
